WORK EXPERIENCE

June 2020 - July 2020

Summer camp for gifted students «Djogur» | Russia

Mentor

Responsible for helping children adapt to ordinary life within a community, helping with the organization of events, and coordinating cultural outings for children aged 14-16 years. We spent unforgettable moments together. I've also participated in shortlisting the children after school for admission to the Lyceum. Thanks to the teachers of the best school in the republic, including me, the smartest teenagers had their best summer ever.

September 2020 - May 2022

North-Eastern Federal University | Russia

Researcher

Involved children in the world of science, supervised the scientific research of schoolchildren, helped in organizing scientific and practical conferences at the regional level, and was a jury member in the linguistics section. As a result, my first member entered the Russian Pedagogical University without entrance exams as a winner of the All-Russian competition, and the second participant took part in an international camp free of charge.

INTERNSHIP

2021

Tuuleekh Secondary School | Russia

Teacher of Language and Literature

As an intern in the Secondary School, I taught language and literature, conducted some extracurricular activities, and prepared students for the regional tournament of young philologists. Thanks to the methodology that I often use in my professional experience, the school team took the prize among 20 schools in the region.

2022

Muru Secondary School №1 | Russia

Scientific Adviser

Applied strong teaching and researching skills in the specialized school with the profound studying of disciplines regarding students' participation in the Republican Scientific Conference "Step in the Future - 2022", fixing research works of the students, curating and planning of the school delegation in the conference.
